ceedings and Correspondence.

*Humbly offered to the Public, by*

JOHN ASPLUND.

# P R E F A C E.

I HAVE long been desirous, and have waited several years, to see a publication of the nature of the following. And though I was sensible I could publish nothing of the kind without the fatigue and expence of travelling over greatest part of the continent; yet, at the request of many, I have been prevailed upon to make the tour of the Baptist Churches, to obtain the necessary information. With a view to this I have travelled about 7000 miles, in about 18 months, *chiefly on foot*, and have visited about 215 Churches, and 15 Associations. I am personally acquainted with 250 Ministers of our Society, so that the Register may safely be depended upon in general, though after all, perhaps, a few Churches and Ministers may be omitted. It is probable also, that the number of members in some Churches may not be exact, as some do not associate—others who do, neglect to send forward their number—and some make conscience of numbering the people.

Having been brought up with a view to the business of merchandize, I have been accustomed to keeping accounts; and I now prefer accounts of souls with their faces set Zionward, to those which only respect money or trade. I have a natural turn for travelling, and I am convinced I could not better spend my time, than in itinerating to preach the Gospel, and to collect materials which may assist the future historian; and though I have met with many discouragements from narrow-minded persons, whose illeberal souls are not concerned for the public welfare; I appeal to the searcher of hearts, that my principal design is to make the Baptists better acquainted with each other, that union may more generally obtain amongst them.

I design to open a correspondence with the several Associations, and Churches who do not associate, so that future accounts may be more compleat and correct than the present.

JOHN ASPLUND,  
a Sweed.

Southampton County, Vir-  
ginia, July 14, 1791.

*An Abstract of Principles, held by the Baptists in general, agreeable to the confession of Faith adopted by upwards of one hundred congregations in England, and published in Philadelphia, 1742; which is as a Standard for the Baptist.*

"1. WE believe in one only true and living God; and that there are three persons in the Godhead, the Father, the Son, and the Holy Ghost.

"2. We believe that the scriptures of the Old and New Testament, are the word of God, and the only rule of faith and practice.

"3. We believe in the doctrine of eternal particular election.

"4. We believe in the doctrine of original sin.

"5. We believe in man's impotency to recover himself from the fallen state he is in by nature, by his own free will ability.

"6. We believe that sinners are justified in the sight of God, only by the imputed righteousness of Christ.

"7. We believe that God's elect shall be called, converted, regenerated, and sanctified by the Holy Spirit.

"8. We believe that the saints shall persevere in grace, and never fall finally away.

"9. We believe that baptism and the Lord's supper, are ordinances of Jesus Christ, and that true believers are the subjects of these ordinances—And we believe that the true mode of baptism is by immersion.

"10. We believe in the resurrection of the dead, and a general judgment.

"11. We believe the punishment of the wicked will be everlasting, and the joys of the righteous will be eternal.

"12. We believe that no ministers have a right to the administration of the ordinances, only such as are regularly called, and come under imposition of hands, by the Presbytery, &c. &c."

The plan or constitution of the regular Baptist Associations, or the substance thereof.

PREAMBLE.—From a long series of experience, we, the Churches of Jesus Christ, being regularly baptized upon the profession of our faith in Christ, are convinced of the necessity

cessity of a combination of Churches, in order to perpetuate an union and communion amongst us, and preserve and maintain a correspondence with each other in our union:— We therefore propose to maintain and keep the orders and rules of an association, according to the following plan or form of government.

ARTICLE I. The association shall be composed of members chosen by the different churches in our union, and duly sent to represent them in the association; who shall be members whom the judge best qualified for that purpose, and producing letters from their respective churches, certifying their appointment, shall be entitled to a seat.

ART. II. In the letters from the different churches, shall be expressed, their members in full fellowship, those baptized, received by letter, dismissed, excommunicated, and dead since the last association.

ART. III. The members thus chosen and convened, shall have no power to lord it over God's heritage; nor shall they have any classical power over the churches; nor shall they infringe any of the internal rights of any church in the union.

ART. IV. The association, when convened, shall be governed and ruled by a regular and proper decorum.

ART. V. The association shall have a moderator and clerk, and shall be chosen by the suffrage of the members present.

ART. VI. New churches may be admitted into this union, who shall petition by letter and delegates, and upon examination (if found authodox and orderly) shall be received by the association, and manifested by the moderator, giving the delegate the right hand of fellowship.

ART. VII. Every church in the union shall be entitled to representation in the association.

ART. VIII. Every query presented by any member in the association, shall be once read: and before it be debated the moderator shall put it to vote, and if there be a majority for its being debated, it shall be taken into consideration, and be deliberated; but if there be a majority against it, it shall be withdrawn.

ART. IX. Every motion made and seconded, shall come under the consideration of the association, except it be withdrawn by the member who made it.

ART. X. The association shall endeavour to furnish the churches with the minutes of the associations. The best method for effecting that purpose shall be at the discretion of the future associations.

ART. XI. We think it absolutely necessary that we should have an association fund, for defraying the expences of the same; for the raising and supporting of which, we think it the duty of each church in the union, to contribute voluntarily, such sums as they shall think proper, and send by the hands of their delegates, to the association; and those monies thus contributed by the churches, and received by the association, shall be deposited in the hands of a treasurer by the association, who shall be accountable to the association for all monies by him received and paid out according to the direction of the association.

ART. XII. There shall be an association book kept, wherein the proceedings of every association shall be regularly recorded, by a secretary appointed by the association, shall receive a compensation yearly, for his trouble.

ART. XIII. The minutes of the association shall be read (and corrected if need be) and assigned by the moderator and clerk before the association rises.

ART.

ART. XIV. Amendments to this plan or form of government may be made at any time by a majority of the union, when they may deem it necessary.

ART. XV. The association shall have power,

1. To provide for the general union of the churches.
2. To preserve inviolably a chain of communion amongst the churches.
3. To give the churches all necessary advice in matters of difficulty.
4. To enquire into the cause why the churches fail to represent themselves at any time in the association.
5. To appropriate those monies by the churches contributed, for an association fund, to any purpose they may think proper.
6. To appoint any member or members, by and with his or their consent, to transact any business which they may see necessary.
7. The association shall have power to withdraw from any church in this union, which shall violate the rules of this association, or deviate from the orthodox principles of religion.
8. To admit any of the distant brethren in the ministry, as assistants, who may be present at the time of their sitting, whom they shall judge necessary.
9. The association shall have power to adjourn themselves to any future time or place they may think most convenient to the churches in the union.

HAVING

HAVING no time now to write upon practical religion, which ought to be inculcated by every faithful minister of Christ, hoping that my dear brethren will consider thoroughly these following inconsistencies among us, contrary to the doctrine of our Master Jesus, and to our holy profession: viz.

1. Keeping our fellow-creatures in bondage, who has as great a right as we, both to civil and religious liberty—Not only so; but misusing them, concerning the common blessings, which certainly is a violation of the rights of nature, and inconsistent with a republican government.

2. Family duty greatly neglected, to bring up our children to work and learning, that they at least may be useful members in a civil society.

3. Extravagance or superfluity, not only in eating and drinking; but especially in dress, that we may not be conformed to the sinful customs of this world; but a separate people, denying ourselves from ungodliness and worldly lust, &c.

4. The support of the gospel, that God's servants may be wholly given up to their great calling, and that every thing may be decent in the house of God, and our poor brethren supported.

5. Strict attendance to our public worship, communion seasons and church meetings for business, as our indispensable duty.

6. That our brethren whom the Lord calls to the ministry, should be encouraged, and fitted out with necessaries for their spiritual warfare.

7. That churches not be too soon constituted, and ministers swiftly ordained, till they are found in the faith, and being found useful in the ministry. Think on these things, and may the Lord bless you, my dear Brethren, in the bonds of the gospel.

JOHN ASPLUND.

N. B. I have proposed to send one copy (gratis) to every church and association on the Continent and Great Britain, also a few to Germany and France, hoping that in return, every church and association will be so kind, as to send me their accounts, viz. The constitution of their church, pastors, ministers and preachers names, and how many members in each church, the association minutes, &c. directed to Dr. Stillman, in Boston; Mr. Foster, in New-York; Mr. Uttick, in Philadelphia; Mr. Richards, in Baltimore; Mr. Furman, in Charleston; and to me in Richmond, that I may be able to write another Annual Register, more full than this,
